

The Fred D. Pfening Co. COVID-19 Operating Policy

- The Pfening Co. is an essential business that supplies the food manufacturing industry with equipment and professional support for their operations.
- The office staff and manufacturing team are operating using a skeleton crew and abiding by the safe distance policies outlined and the sanitary guidelines outlined by the Ohio governing body in an effort to maximize the distancing between employees and minimize the spread of virus. A large percentage of employees are working remotely.
- Our policies are written for all of the Sales Department to work from home and that the Engineering and Administrative staff are all working from home unless listed to be one of only few in the office per our reduced staff hours signup sheet.
